**ON Semiconductor Announces the Filing with the Securities and Exchange
Commission of a Registration Statement to Register its 2.625 Percent Convertible
Senior Subordinated Notes Previously Issued in December 2006**

PHOENIX, Ariz. – Apr. 4, 2007 – ON Semiconductor Corporation (Nasdaq: ONNN) today announced the filing with the Securities and Exchange Commission of a Registration Statement on Form S-3 (the “Shelf Registration Statement”) for the registration under the Securities Act of 1933, as amended, of resales of the Company’s previously issued 2.625 percent Convertible Senior Subordinated Notes due 2026 (the “Notes”), which are fully and unconditionally guaranteed on an unsecured senior subordinated basis by certain existing and future subsidiaries of the Company (the “Guarantors”). The Shelf Registration Statement also registers resales of the common shares, par value \$0.01 per share, of the Company issuable upon conversion of the Notes and the guarantees of the Guarantors described above. The Notes were originally issued on December 15, 2006, at the same time a registration rights agreement was entered into among the Company, the Guarantors and the initial purchasers of the Notes, which requires the Shelf Registration Statement. The Shelf Registration Statement became effective immediately upon filing.

About ON Semiconductor

With its global logistics network and strong portfolio of power semiconductor devices, ON Semiconductor (Nasdaq: ONNN) is a preferred supplier of power solutions to engineers, purchasing professionals, distributors and contract manufacturers in the power supply, computer, consumer, portable/wireless, automotive and industrial markets. management's current expectations and estimates, and involve risks, uncertainties and other factors that could cause results to differ materially from those expressed in forward-looking statements. Among these factors are revenues and operating performance, changes in overall economic conditions, the cyclical nature of the semiconductor industry, changes in demand for our products, changes in inventories at our customers and distributors, technological and product development risks, availability of raw materials, competitors' actions, pricing and gross margin pressures, loss of key customers, order cancellations or reduced bookings, changes in manufacturing yields, control of costs and expenses, significant litigation, risks associated with acquisitions and dispositions, risks associated with our substantial leverage and restrictive covenants in our debt agreements, risks associated with our international operations, the threat or occurrence of international armed conflict and terrorist activities both in the United States and internationally, risks and costs associated with increased and new regulation of corporate governance and disclosure standards (including pursuant to Section 404 of the Sarbanes-Oxley Act of 2002), and risks involving environmental or other governmental regulation. Additional factors that could affect the company's future operating results are in "Item 1A Risk Factors" of our Form 10-K for the year ended December 31, 2006 and other factors are described from time to time in our SEC filings. Readers are cautioned not to place undue reliance on forward-looking statements. We assume no obligation to update such information.
