ON Semiconductor Letter to Suppliers

December 13, 2007

Dear Valued Supplier,

ON Semiconductor Corporation (NASDAQ: ONNN) and AMIS Holdings, Inc. (NASDAQ: AMIS), parent company of AMI Semiconductor, today announced the signing of a definitive merger agreement providing for the acquisition of AMI by ON Semiconductor. The transaction is subject to the approval of shareholders from both companies as well as customary closing conditions and regulatory approvals. The companies expect the transaction to close in the first half of 2008.

The acquisition of AMI furthers the transformation of ON Semiconductor into an analog and power solutions leader with enhanced scale, higher value and higher margin products, deep customer relationships and an expanded addressable market. Combining ON Semiconductor's leading standard products and advanced manufacturing infrastructure with AMI's growing standard products business and substantial custom product portfolio will enable the combined company to more comprehensively address our customers' needs. Over time, we plan to leverage the advanced sub-micron capabilities of our Gresham, Oregon, fabrication facility to achieve operational synergies and extend AMI's high voltage and low power offerings.

ON Semiconductor president and chief executive officer Keith Jackson will serve as president and chief executive officer of the new company, which will be headquartered in Phoenix, Arizona, and will maintain a significant presence in Pocatello, Idaho with various other locations worldwide. ON Semiconductor non-executive chairman Daniel J. McCranie will continue as non-executive chairman of the board of directors of the new company,

We look forward to working closely with you through this acquisition and are committed to answering any questions you may have.

Should any questions or concerns arise, please do not hesitate to phone me directly at (602) 244-6340. Attached is the official press release ON Semiconductor issued to the public.

Sincerely,

/s/ Joan P. Ordway
